

## TALK© Advanced Instructor Course "TALKing for Improvement"

**Aim:** this course aims to provide advanced training skills, including a deeper understanding of system improvement, in order to facilitate complex debriefings and support less experienced debriefers (TALK©instructors and users).

**Criteria:** In order to access an advanced TALK© instructor course, a TALK© instructor must have delivered at least 10 TALK© user courses with evidence of positive feedback gathered through our standardised system.

**Learning objectives:** By the end of this course, participants will be able to

- Describe the relevance of clinical debriefing and the evidence behind its use
- Align the TALK© ethos and values to improvement theory
- Apply clinical debriefing to system improvement with a Safety II approach
- Facilitate complex debriefing in clinical environments
- Mentor and coach less experienced debriefers through the use of meta-debriefing

**Duration** 2 days (or 4 sessions of 3.5 hours each) plus assignments.

Courses will be facilitated by 2 accredited TALK© educators.

This training will prepare participants to become Advanced TALK© Instructors. Successful participants will receive an Advanced TALK© Instructor Certificate.

**Delegate fees** will be tiered according to national income as per the current [World Bank classification](#)

- High income countries £600 per delegate
